1 Create an Account

If you don't already have an account, Click on the "Sign Up" button to create your account. If you already have an account, simply log in.

2 Complete the Sign up process

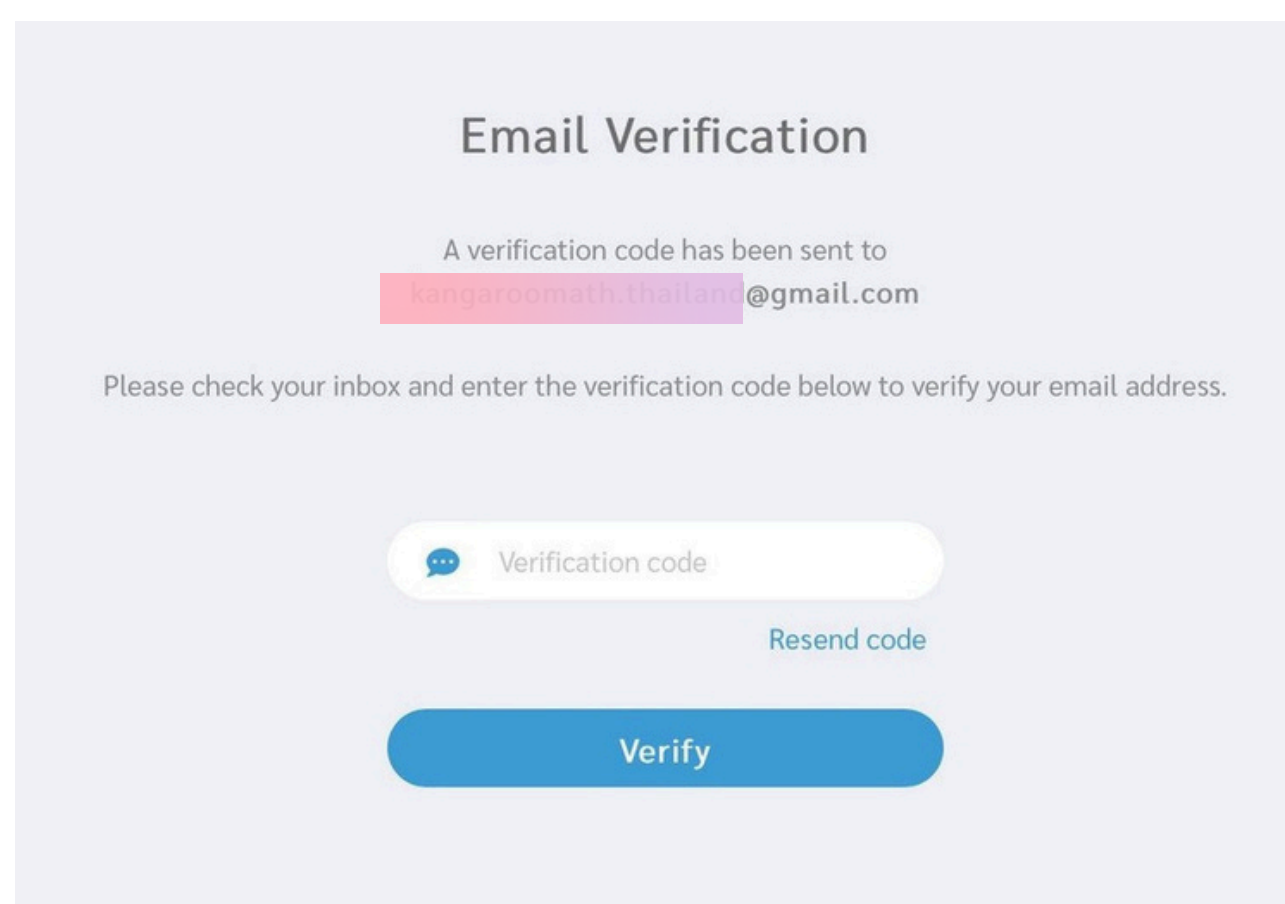

Fill in the required information in the form. Double-check your information before clicking "Sign Up".

A screenshot of a sign-up form titled "SIGN UP". At the top, there is a dropdown menu with "I am a student" selected, which is highlighted by a red rectangular box. Below this are sections for "Login Information" (email and password), "Personal Information" (first name, last name, date of birth, contact number, country, and address), and "Educational Information" (school name and grade level). At the bottom, there is a math problem "0+7 = Answer" and a "Sign up" button.

If you would like to register two or more children, please create an account as a parent/teacher and add a 'New Child' during the registration process.

3 Email Verification

Check you inbox and enter the verification code to verify your email address.

A screenshot of an "Email Verification" page. It states "A verification code has been sent to kangaroomath.thailand@gmail.com". Below this, it says "Please check your inbox and enter the verification code below to verify your email address." There is an input field for the "Verification code" and a "Resend code" link. At the bottom, there is a blue "Verify" button.
